Experienced in building scalable applications and data-driven solutions using modern technologies. Passionate about creating efficient systems that improve performance and user experience. Quick learner with the ability to adapt to new tools and technologies in fast-paced environments. Dedicated to delivering high-quality, innovative, and impactful solutions.

EXPERIENCE

Kadco Investments,(Lenasia)—Admin

January 2022 - January 2023

Kadco investments is an automotive business, the roles that were part of my responsibility was admin work, organizing and filing systems, paperwork and having good interpersonal skills

Medicoll Claims Bureau,(Robertsham) —Administration and Data Capturing

May 2024 - September 2024

Some of my key responsibilities at Medicoll Claims Bureau provided comprehensive administrative support, including managing filing systems, handling printing, and scanning documents, while accurately capturing data. Maintained and organized efficient records, ensuring data integrity, and contributed to the smooth operation of the office by assisting with document management and general office duties. Demonstrated strong attention to detail and proficiency in using office equipment and software to enhance productivity.

Bliss Sanctuary Africa, Robertsham —Document Creation

July 2024- September 2024

I provide administrative support for a wellness center, focusing on document creation and data management. Typed and formatted a variety of documents, ensuring accuracy and professionalism. Managed and organized large volumes of information, maintaining confidentiality and integrity. Played a key role in supporting the centers smooth flow of information.
